

Candoo How To Use Netflix on Roku

Step 1

To get started with Netflix, press the Netflix button on your Roku controller. It should be the button that says "Netflix".

Step 2

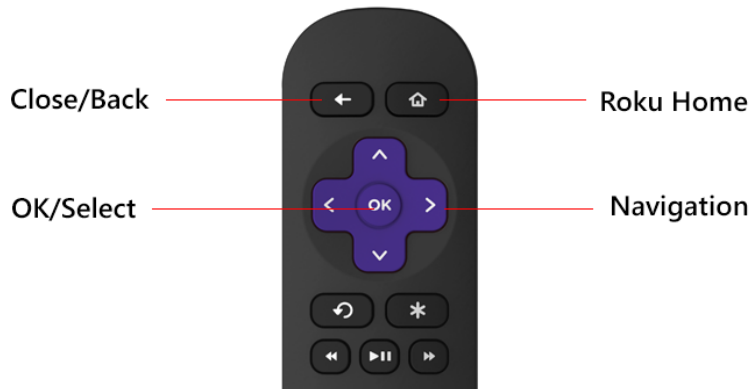

Once on Netflix, you will see this screen. This is the main menu for Netflix. On this screen you are able to navigate the rows for what shows to watch.

Each row represents a category/ genre (Comedies, Dramas, TV shows, etc) that Netflix suggests to you based on what you've watched.

Step 3

To navigate through the rows, you can press the left or right button on your Roku controller. To change the rows press the up or down buttons.

Step 4

To select the show you want to watch, press the **OK** button on your Roku controller. From there your show will start playing.
